

PRACTICUM OPTION WITH GRACE FELLOWSHIP INTERNATIONAL

Luther Rice College & Seminary

Students in the Biblical Counseling degree program at [Luther Rice College and Seminary](#) are authorized to fulfill their practicum requirement through Grace Fellowship International.

There are four modules in this GFI practicum process. (The full experience is expected to cover about 80 hours.)

1. The Exchanged Life Conference is available through online video recordings of Charles Solomon and John Woodward. It is the recording of a Friday night and Saturday event in 2008. Please download and read the PDF notebook as well.

Handbook to Happiness and *The Ins and Out of Rejection* should be read if you have not yet done so.

This \$40.00 resource is gifted to Luther Rice students taking this practicum. (Request the online access and password from GFI.)

2. The Exchanged Life Counseling Workshop is a practical education and training module that is only available as a four day live event. It is offered in Pigeon Forge, TN in March, August, and November annually. For information on the next Workshop, see Grace Fellowship's Events Calendar. Please read *Handbook for Christ-Centered Counseling* as part of the workshop requirements (if you have not already done so). Students may also take a Taylor-Johnson Temperament Analysis questionnaire as part of the Workshop (www.tjta.com). The \$350.00 fee includes three lunches, refreshments and materials. Spouses are welcome. (See the couple's fee.)

After the Workshop, you are asked to lead two individuals through the Spirituotherapy interview process (that you will be trained to do in the Workshop).

3. The Solomon Online Lecture Series features 25 online lectures via video and audio with PDF notes. The registration fee for online access is \$195.00.

These videos are on the online course at www.GraceStudyHall.org. (You can pay and enroll there or by phoning the office.) Please write a summary paragraph of each lecture and send the document to John Woodward when the Online Lecture Series is completed. (No special formatting is required.)

4. The Two Lives of Marie Marshall. These are video recordings of nine actual counseling sessions conducted by (former GFI staff member) Lee LeFebre. They are available for purchase and download at www.TheLifeBookstore.com (\$30.00).

Please call John Woodward (LRS D.Min., 2004) if you have any questions about this practicum (cell: 865-740-7847).
